

# DuraCast Base Tables

## specifications

### Lotz Armor Edge™ Tops:

Lotz Armor Edge™ top is constructed of 1.125" thick MDF (medium density fiberboard) core. MDF is a superior material for screw holding abilities exceeding 250 lbs., breaking strength and load tests. The back material is phenolic which **prevents moisture penetration** to core material and provides an anti gum surface. High pressure laminate is bonded to the **MDF core**. The .25" beveled radius edge is finished using our exclusive Lotz Armor Edge™, a polyurea, which is extremely strong and durable. **This edge will not separate from the MDF core material and makes the edge water tight.** Armor Edge comes black standard with other colors available.

### 3mm Tops:

The core material is 1.125" thick particle board with a phenolic backer sheet and high pressure laminate on top. 3mm PVC edge banding is applied to all four sides. Corners can be radiused or square.

Top surface choices include **whiteboard laminate** chemical resistant laminate and most Wilsonart matte (-60) finish laminates. Other vendors available upon request.

### Flip Mechanism:

Flips mechanisms are injection molded with aluminium and steel. There is a 1 handle release for each pair of legs. This handle is mechanically attached to the table base using #12-14 screws. The adjustable leveler is 1/4-20 x 1-3/4" long shank. The handle release mounts on the underside of the table and is centered on the table length close to the edge of the table. The single handle allows for an individual to release both mechanisms simultaneously and flip the table up and down.

**Shipping Class:** 70

**NMFC#:** 83620-2

### Standard Options:

Handle Release (Half Round, Trapezoid, Rectangle Tables)

Flip Release (Round Tables Only)

Dual Wheel Locking Casters

Legs plates attached via threaded metal inserts and screws

### DuraCast T-Base Legs:

Tubular T-Base legs are 2.25" tubular, 13-gauge steel tube with dual wheel locking casters with an aluminum base. Legs are attach to desk with 16 metal-to-metal inserts and screws. Legs are available in a fixed or adjustable height. Fixed legs stand at 27.75" high. Adjustable legs range from 24.75 to 33.75" in 1 inch increments. End caps are welded and polished to look like solid steel.

Certain legs are built for inline nesting, which allows for easy storage of tables.

### DuraCast X-Base Legs:

Tubular X-Base legs are 13-gauge steel tube with dual wheel, 2.25" round steel column, cast aluminum base. Dual wheel locking casters. Legs are attached to desk with 8-12 metal-to-metal inserts and screws (depending on model #). Legs are available in a fixed height. Fixed legs stand at 27.75" high. End caps are welded and polished to look like solid steel.

Certain legs are built for inline nesting, which allows for easy storage of tables.

### Frame Color Options:

Textured Black (-09)\*

Smooth Silver (standard) (-G4)
