

Elevate Café Tables specifications

Lotz Armor Edge™ Tops:

Lotz Armor Edge™ top is constructed of 1.125" thick MDF (medium density fiberboard) core. MDF is a superior material for screw holding abilities exceeding 250 lbs., breaking strength and load tests.

The back material is phenolic which **prevents moisture penetration** to core material and provides an anti gum surface. High pressure laminate is bonded to the **MDF core**. The .25" beveled radius edge is finished using our exclusive Lotz Armor Edge™, a polyurea, which is extremely strong and durable. **This edge will not separate from the MDF core material and makes the edge water tight.** Lotz Armor Edge™ comes black standard. Colors available.

3mm Tops:

The core material is 1.125" thick particle board with a phenolic backer sheet and high pressure laminate on top. 3mm PVC edge banding is applied to all sides, radius corners.

Optional top surface choices include **writable surface laminate or chemical resistant laminate** and most Wilsonart matte (-60) finish laminates with possible up charges. Other vendors available upon request.

Shipping Class: 70

NMFC: Tops: 83620-2 Legs: 097720

Assembly: Unassembled

Standard Features:

2.5" Grand Hank glide (-HG)

Dual wheel soft tread locking caster (-CA)

Foot pedal

1.5" Soft Touch glide (-FG)

Optional Feature:

X-Base:

The Elevate Café table has a pneumatic steel column ① that consist of three tubes; outer, middle and an inner tube. The inner tube is attached to a 7-gauge attachment plate with hexhead machine screws. The attachment plate is attached to the top with joint connector bolts. The 10-gauge X-Base ② is attached to the outer tube using machine screws, locker washers and 17mm washers. The foot pedal is attached to the X-Base so it is easily accessible to adjust the lectern to different heights.

Café table comes standard with four dual wheel soft tread locking casters and four 2.5" Grand Hank glides.

Finish:

The base is available in smooth silver only.
