

# Elevate Teacher's Lectern specifications

### Lotz Armor Edge™ Tops:

Lotz Armor Edge™ top is constructed of 1.125" thick MDF (medium density fiberboard) core. MDF is a superior material for screw holding abilities exceeding 250 lbs., breaking strength and load tests.

The back material is phenolic which **prevents moisture penetration** to core material and provides an anti gum surface. High pressure laminate is bonded to the **MDF core**. The .25" beveled radius edge is finished using our exclusive Lotz Armor Edge™, a polyurea, which is extremely strong and durable. **This edge will not separate from the MDF core material and makes the edge water tight.** Lotz Armor Edge™ comes black standard. Colors available.

### 3mm Tops:

The core material is 1.125" thick particle board with a phenolic backer sheet and high pressure laminate on top. 3mm PVC edge banding is applied to all sides, radius corners.

### Shipping Class: 70

**NMFC:** Tops: 83620-2 Legs: 097720

**Assembly:** Unassembled

### Standard Features:

2.5" Grand Hank glide (-HG)

Dual wheel soft tread locking caster (-CA)

Foot pedal

### Optional Feature:

1.5" Soft Touch glide (-FG)

### X-Base:

The Elevate Teacher's desk has a pneumatic steel column ① that consist of three tubes; outer, middle and an inner tube. The inner tube is attached to a 7-gauge attachment plate with hexhead machine screws. The attachment plate is attached to the top with joint connector bolts. The 10-gauge X-Base ② is attached to the outer tube using machine screws, locker washers and 17mm washers. The foot pedal is attached to the X-Base so it is easily accessible to adjust the lectern to different heights.

Lectern comes standard with four dual wheel soft tread locking casters and four 2.5" Grand Hank glides.

### Finish:

The base is available in smooth silver as standard or with a texture black finish as optional.

Smooth Silver (standard)

Textured Black
