

Classic Construction:

Classic REplay[®] cabinets are constructed using fully doweled 0.75" particle board with double sided thermal fused laminate (TFL) with a 0.75" sub-bottom particle board with matching 3mm PVC edge banding. 1" double sided TFL top with 3mm PVC edge banding over a 0.75" sub-top. Custom HPL countertop is optional on Classic models BUT standard on Premium models.

Drawers are fully doweled, 0.5" white TFL box w/.5mm PVC edgebanding, 0.75" matching TFL front w/3mm PVC edge banding, wire pull, optional integrated locks and standard full extension side mount steel ball bearing glides.

Doors are 0.75" double sided TFL, 3mm PVC edge banding, wire pulls, 6-point adjustable concealed hinges and optional integrated locks.

Shelves are double sided TFL, adjustable shelves have four double-pin shelf clips per shelf to prevent the shelves from sliding out or tipping. Fixed shelves are fully doweled.

Each unit has 3" heavy-duty casters (two locking and two non-locking) and requires field assembly.

Magnet docking and integrated locks are optional.

Assembly:

Each unit is factory assembled using glue and dowel construction.

Premium REplay[®] cabinets are constructed the same as the Classic **EXCEPT** the Premium cabinet components are **double sided high pressure laminate (HPL)** in place of the double sided TFL. Please NOTE that drawer boxes will always have white thermal fused laminate (TFL).
