

### Classic Construction:

Classic cabinets (sides, back and bottom) are constructed using fully doweled 0.75" particle board with double sided thermal fused laminate (TFL) with a 0.75" sub-bottom particle board with matching 3mm PVC edge banding. 1" matching, double sided high pressure laminate top (HPL) with matching 3mm PVC edge banding over a 0.75" sub-top.

Doors are 0.75" double sided TFL, matching 3mm PVC edge banding, 4" satin nickel wire pulls and 6-point adjustable concealed hinges (European hinge).

Integrated, 1" caster base, matching 3mm PVC edge banding, 3" heavy-duty casters (two locking and two non-locking), casters are installed onsite by others.

### Assembly:

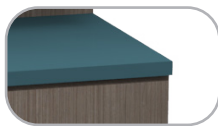

Each unit is factory assembled using glue and dowel construction.

**Premium cabinets** are constructed the same as the Classic **EXCEPT** the Premium cabinet components are **double sided high pressure laminate (HPL)** in place of the double sided TFL.

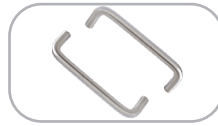

### Standard Features:

.75" fully doweled casebody construction

1" HPL top

Wire pulls

6-point adjustable hinge

3" heavy-duty locking plate caster

3" heavy-duty plate caster

### The following are include on both the Handwashing Station and the Sanitizing Station:

- 10 gallon plastic trash bin
- Stainless steel Hygiene Station is constructed with 18-gauge stainless steel, type 300 with #4 polish satin finish. Station includes a wall mount soap & sanitizer dispenser and compartments to hold gloves, masks or tissue. (Accessories are not included.)

### The following are include ONLY on the Handwashing Station:

- Stainless steel sink
