

Book Nook Circulation Desk

specifications

Construction:

Book Nook Circulation desks are fully doweled 0.75" double sided thermal fused laminate (TFL) with a 1" HPL top over 0.75" TFL sub-top. Both the case and top edge type have a matching 3mm PVC edge banding.

Double-sided fixed TFL shelves. Each base unit has built-in leveling glides inserts which are accessible from the inside for easy leveling of the unit.

Assembly:

Each unit is factory assembled using glue and dowel construction.

Shipping Class: Density Based Class
