

**Tops:**

48" round workstation top available in either a 1" black phenolic resin with 1/8" eased edges or a 1.25" thick high pressure laminate. Laminate Edge standard is our exclusive sprayed-on, indestructible Lotz Armor edge™ with beveled edge, or 3mm edge banding. Also available with chemical resistant laminate or with markerboard tops.

**Body:**

Body is .75" thick particle board core with thermal-fused laminate on both sides with matching .5 mm PVC Edge Banding. Contains .75" sub-top. Unit is dowel constructed and finished on all sides and features. Integrated, fully finished base with built in levelers which are accessible from the inside.

**Doors:**

Doors have .75" TFL, 3mm PVC edge banding. Five knuckle hinges to allow for complete door swing. Door has Wire Pulls.

**Shelves:**

Shelves are double sided TFL. Some models available with a white, 24" turntables. Top is HPL or phenolic resin.

**Optional Features:**

Some models available with a white, 24" turntables with center turning axis. Also can be equipped with integrated locks.

**Assembly:**

Units are shipped assembled, except for installing workstation top to base unit.

**Shipping Class:**

125

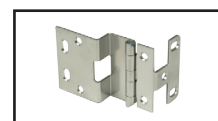

Built-in levelers
