

Tech Storage Cabinet specifications

Construction:

Unit is constructed using .75" thick particle board with thermal-fused laminate on both sides with 1" TFL top over .75" subtop. Fully finished back and all edges are finished using 3mm PVC edge banding.

Units with doors feature heavy duty 5-knuckle hinge with a 270° swing allow doors to lay flat. Doors are .75" TFL with 3mm Edge Banding. Cabinet has one right swing cabinet door on the back side of the cabinet for electrical access.

Components:

Each unit features 3" heavy-duty casters for mobility (two locking; two non-locking). Brushed Chrome 4" wire pull and integrated design locks. Fixed shelves are fully doweled, adjustable have 4 double pin shelf clips, nylon clips keep cords from falling behind shelves. 44 or 22 .25" adjustable black wire dividers (11 per shelf) holds up to 24 or 48 tablets, lap tops or chrome books. Power for charging is provided by a 24 outlet power strip (two power strips provided for 48 device cabinets) with a 6' cord. Cabinet has vents and grommets holes to allow for heat to escape the cabinet while still keeping content secure.

Assembly:

Each unit is fully assembled.
