

LOBO Table specifications

Lotz Armor Edge™ Tops:

Lotz Armor Edge™ top is constructed of 1.125" thick MDF (medium density fiberboard) core. MDF is a superior material for screw holding abilities exceeding 250 lbs., breaking strength and load tests. The back material is phenolic which **prevents moisture penetration** to core material and provides an anti gum surface. High pressure laminate is bonded to the **MDF core**. The .25" beveled radius edge is finished using our exclusive Lotz Armor Edge™, a polyurea, which is extremely strong and durable. **This edge will not separate from the MDF core material and makes the edge water tight.** Lotz Armor Edge™ comes black standard. Colors available.

3mm Tops:

The core material is 1.125" thick particle board with a phenolic backer sheet and high pressure laminate on top. 3mm PVC edge banding is applied to all sides, radius corners.

Hardwood Butcher Block Tops:

1.75" thick face-glued hardwood strips with 0.125" radius all corners/edges with two coats catalyzed clear lacquer top and sides with one clear coat bottom with eased edges and corners.

Phenolic Tops:

1" thick black phenolic resin and cellulose fiber composite top with .125" eased edges and corners with high resistance to chemicals, humidity and abrasions.

Stainless Steel Tops:

1.625" stainless steel top, 16-gauge #304 stainless steel with particle board core, wrapped and welded all corners and edges, phenolic backer. This is not intended for heavy washdown areas.

Epoxy Tops*:

An optional 1" epoxy resin top with .125" eased edge is also available providing the greatest combination of physical and chemical resistance property as well as heat and flame resistance.

Shipping Class: 70 (tops) Density Based Class (frames*)
NMFC#: 83620-2 (Tops), 82790 (frames*)

Lobo Frame:

The solid steel apron frame is 1" x 2", 16-gauge steel that is MIG welded using a 10-gauge reception plate with (1) .375" hole drilled for leg mounting with .3125" bolt and locking washer and nut from leg. The frame has welded tabs at preset locations used for fastening the apron frame to the back of the table top. Optional leg gussets.

Lobo Legs:

Fixed - 1.5" square (-FX)

28.5" fixed legs for the LOBO Series are 1.5" square, 14-gauge square tube with one (1) .3125" bolt for attachment to the apron. Nylon adjustment glide with a .375" stud with a 1" travel path. Use #10 0.75" square pan screws to secure the leg plates to the table top**.

Adjustable - 1.5" square (-ADJ)

Adjustable - 2" square Big Paw (-ABP)

Adjustable - 2" round (-ALR)

The adjustable leg options include a 1.5" or 2", 14-gauge square or 2", 14-gauge round outside tube with two (2) holes for positive contact and safety with adjustability. The inner portion of the leg is a 1.25" square or 1.75" square or round, 16-gauge tube which is flow-drilled with tapped holes. The inner leg section is fabricated to fit into the upper leg assembly. The 1.5" square leg can adjust from 22.5"-36.5" and the 2" square and round legs can adjust from 22.25"-36.25", these adjustments are made through two (2) M6 screws into the tapped holes of the lower leg. Nylon adjustment glide with a .375" stud with a 1" travel path. Use #10 0.75" square pan screws to secure the leg plates to the table top**.

Gorner Gusset Kit:

Recommended for all LOBO tables with caster option, table size that exceeds 30" x 72" or intended table use heights greater than 31" for increased stability. Call Estimating for availability on shaped tables.

Finish:

The apron frame and the leg assembly are powder coated with a polyester texture black finish to 3mil in thickness as standard.

-ADJ, -FX & -ALR are available in black and smooth silver.

-ABP are only available in black

*Based on qty. shipped

**Epoxy tops require an adhesive or silicone(not included) to attach to LOBO frame.

LOBO Standard Features:

0.3125" bolt secures leg to 10-gauge reception plate

Welded plate and #10 screws secure leg to top

Adjustable legs adjust in 1" increments with tamper resistant screws

1.375" nylon glides (standard)

***Weights are based on the LOBO 1.5" square adjustable legs (-ADJ). Other leg options will change the weight of the table. Call Estimating for these weights.**

LOBO Optional Features:

Bolt-on leg gussets provide increased stability (optional for square legs)

One piece bolt-on leg gusset (optional for 2" round leg)

2.5" Grand Hank Glide (optional)

Dual wheel locking casters (optional)

3" heavy-duty casters raises heights by 4" (optional)

Clear View & Full Color tote tray storage (optional) (can be interchanged with Tote Storage Unit)
